

Elite Camp Topics

No material in this camp will be repeated content from published material or previous camps/ classes. All instructors will present new, fresh content.

GM Jacob Aagaard

- Importance of finding options and candidate moves (based on work with GM Shankland)
- Positional play based on “the three questions”
- Attacking play: momentum, piece inclusion, dynamics
- Exchanges, liquidation, endgame techniques
- Complex calculation

GM Boris Avrukh

- Different approaches to opening repertoires
- Playable endgames
- Pawn structure transformations
- Grandmaster thinking
- Material imbalances

GM Daniel Naroditsky

- Widening your opening repertoire for closed tournaments
- Uncommon attacking and checkmate tactics
- Making critical decisions in time pressure
- Endgame fortresses
- Converting positions with extra material
